Joachim Wolf  
European Precision Homes  
Oberer Westring 14  
33142 Bueren  
Germany

Dear Joaquim,

The purpose of this letter is to state that European Precision Homes complied with Douglas County regulations for submitting a building permit and passing subsequent inspections. Final inspections are still pending per your request, but all other inspections have been performed and met applicable building codes.

It has been a pleasure working with you and we look forward to doing so again in the future.
